Professional Summary

UKG Workforce Management & Dell Boomi Integration Consultant with over 9 years of professional experience, including 6+ years specializing in UKG Workforce Dimensions (Kronos) implementations, Workforce Management, and enterprise integrations. Experienced in designing, developing, supporting, and troubleshooting Dell Boomi integration processes connecting UKG with HR and Payroll systems using REST APIs, HTTP connectors, JSON, XML, CSV, and SFTP. Strong expertise in API integrations, middleware development, data mapping, transformation logic, integration monitoring, production support, testing, deployment, and technical documentation.

Core Competencies

- UKG Workforce Dimensions, Kronos Workforce Central, Timekeeping, Advanced Scheduling, Attendance, Pay Rules, Accruals, Hyperfinds, Dataviews, Employee Profiles, Workforce Analytics
- Dell Boomi AtomSphere, Workforce Integration Manager (WIM), REST APIs, HTTP Client Connector, JSON, XML, CSV, SFTP, Data Mapping, Transformations, Integration Monitoring
- Requirements Gathering, Pay Policies, Scheduling Templates, Staffing Coverage, UAT, Deployment, Hypercare, Production Support, Payroll Integrations, Tableau, BIRT, SQL, Postman, JIRA

Professional Experience

UKG Workforce Management Consultant-I | BudMore Ltd | Jan 2024 – May 2025

- Led UKG Workforce Dimensions implementations for 3+ enterprise clients totaling nearly 2,000 employees, configuring Timekeeping, Advanced Scheduling, Pay Rules, Accruals, and Workforce Analytics.
- Configured Advanced Scheduler shift rules, staffing coverage, scheduling templates, and labor optimization settings to improve workforce planning and reduce manual scheduling effort.
- Designed and supported Dell Boomi integrations connecting UKG with HR and Payroll systems using REST APIs, HTTP Client connectors, and reusable JSON, XML, and CSV mappings.
- Partnered with HR, Payroll, Operations, and Technology teams to gather requirements, conduct UAT, support deployments, and provide hypercare.

- Developed Tableau dashboards, Dataviews, and BIRT reports for overtime, attendance, staffing utilization, labor productivity, and other workforce KPIs.

UKG Workforce Management Consultant | BudMore Ltd | Sep 2020 – Jan 2024

- Supported UKG Workforce Dimensions and Kronos Workforce Central across timekeeping, scheduling, attendance, and payroll processing for 500+ employees.
- Configured pay policies, attendance rules, employee profiles, Hyperfinds, and scheduling templates based on business requirements.
- Managed Workforce Integration Manager export jobs, validated outputs, monitored scheduled jobs, and resolved data flow and interface issues.
- Supported Dell Boomi middleware integrations, REST APIs, and JSON/XML mappings between UKG and HR systems.
- Created Tableau dashboards and Dataviews and supported implementation, testing, deployment, and production activities.

Analyst | Kocado Labs Pvt Ltd | Sep 2017 – Sep 2020

- Supported UKG Timekeeping, Pay Rule, Attendance, and employee profile configuration based on workforce requirements.
- Assisted with REST API integrations, data validation, testing, troubleshooting, and production deployment support.
- Built Tableau dashboards for workforce metrics and managed technical recruitment, onboarding, and stakeholder reporting.

BFSI Recruiter | Golden Opportunities | April 2016- March2017

- Managed recruitment lifecycle for Finance & Accounting positions.
- Coordinated hiring activities and maintained workforce reports.
- Supported HR operations and stakeholder communication.

School Recruiter | Chaitanya Public School | May 2015– April 2016

- Managed recruitment for teaching and non-teaching positions, coordinated onboarding and training, and presented student admission dashboards to management.

Trainee | Geo Foundations & Structure | Nov 2013 – May2015

- Maintained BOQ documentation, tracked variations, and updated cost estimates throughout project lifecycle.
- Assisted in vendor quotation analysis, rate comparisons, and procurement planning.
- Monitored project costs and supported budget tracking to ensure cost efficiency.

Education
