TECHNICAL SKILLS

- **UKG / Kronos:** UKG Pro WFM/Dimensions, Kronos Workforce Central, Timekeeping, Pay Rules, Accruals, Hyperfinds, Dataviews, Workforce Analytics, Scheduling, Labor Tracking, Workforce KPIs, Advance scheduling.
- **Implementation & QA:** Requirements gathering, configuration support, implementation task tracking, QA validation, UAT, regression testing support, defect triage, go-live readiness, post-go-live hypercare
- **Integrations:** Dell Boomi AtomSphere, Workforce Integration Manager (WIM), JSON/XML imports, CSV/XML flat files, REST/API integrations, SFTP transfers, data mapping, transformations, troubleshooting
- **Reporting & Analytics:** Tableau, BIRT Reporting, workforce dashboards, KPI reporting, staffing utilization, overtime analysis, data validation, MS Excel, SQL
- **Tools & Platforms:** JIRA, Postman, SharePoint, ATS Systems, stakeholder documentation, support ticket tracking

PROFESSIONAL EXPERIENCE

BudMore Ltd - Remote | UKG WFM Consultant II | Jan 2024 - May 2025

- Supported enterprise UKG Pro WFM/Dimensions implementation programs for 3+ clients totaling nearly 2,000 employees, configuring Timekeeping, Advanced Scheduling, Pay Rules, Accruals, Workforce Analytics, and related WFM components.
- Supported Kronos Workforce Central to UKG Pro WFM/Dimensions migration activities by validating configuration, reviewing data outputs, supporting testing cycles, and resolving migration-related defects.
- Partnered with HR, Payroll, Operations, implementation partners, and technical teams to gather requirements, track build tasks, coordinate issue resolution, and support delivery deadlines.
- Validated implementation work through UAT coordination, regression review, configuration checks, defect documentation, and production readiness sign-off.
- Configured and validated jurisdiction-specific pay rules, overtime calculations, shift differentials, meal and break policies, holiday rules, accruals, time capture, and payroll integration requirements.
- Provided production and tier 2/3 support by analyzing configuration issues, troubleshooting system behavior, documenting root causes, and resolving workforce management incidents.

- Developed Tableau dashboards, BIRT reports, and Dataviews to analyze overtime trends, attendance, staffing utilization, labor productivity, and workforce KPIs for management decision-making.
- Monitored UKG integrations through Dell Boomi, including data orchestration activities after Informatica ETL transformations, improving issue visibility and reporting turnaround time.
- Supported go-live deployment and post-go-live hypercare by monitoring workforce processes and resolving implementation-related issues.

BudMore Ltd - Remote | UKG WFM Consultant | Sep 2020 - Jan 2024

- Supported UKG Workforce Dimensions and Kronos Workforce Central environments across timekeeping, scheduling, attendance, pay rules, payroll processing, and workforce reporting for 500+ employees.
- Configured pay policies, attendance rules, employee profiles, scheduling templates, Hyperfinds, Dataviews, and reporting components based on business requirements.
- Managed Kronos export jobs, validated interface outputs, monitored scheduled jobs, and resolved integration issues using Workforce Integration Manager (WIM).
- Performed data analysis to identify timekeeping, scheduling, payroll integration, and reporting discrepancies, improving issue resolution and data accuracy.
- Supported tier 2 escalations from front-line teams by investigating timecard, schedule, pay rule, configuration, and integration issues and documenting root causes.
- Collaborated with cross-functional stakeholders during implementation cycles, testing phases, migration support, deployment, and post-go-live stabilization.
- Created Tableau dashboards and Dataviews for operational planning, KPI tracking, overtime analysis, and attendance reporting; automated manual reports, reducing turnaround time by 40%.

Kocado Labs Pvt Ltd - Remote | Analyst | Sep 2017 - Sep 2020

- Supported UKG timekeeping and pay rule activities, including pay rule review, timecard accuracy checks, and issue documentation for workforce management processes.
- Worked on REST API integrations, data mapping, validation, and troubleshooting for workforce and HR-related data flows.
- Assisted with QA validation of implementation outputs by comparing requirements, data results, and system behavior against expected business outcomes.
- Supported recruitment operations by partnering with hiring managers on staffing needs, onboarding coordination, ATS tracking, Excel reporting, and hiring turnaround improvements.

Golden Opportunities Pvt Ltd - Chennai, India | F&A Hiring Specialist | Apr 2016 - Mar 2017

- Handled finance and accounting recruitment activities, including sourcing, screening, interview scheduling, onboarding support, market research, talent mapping, candidate tracking, and operational reporting.

Geo Foundations & Structures Pvt Ltd-Chennai, India | BOQ Trainee | Nov2013- May2015

- Handled BOQ for various Central Govt Tenders, activities including site interactions, daily planning reports, sourcing sub-vendors and negotiations, 4quater project updates and reports, Actual vs expectations reports.
